

Watson Ramsbottom Support for Charities

Our free will schemes for East Lancashire Hospice and Will Aid have just been completed for another year, the amounts raised not yet having been calculated but are estimated at over £1500.

Under these schemes Watson Ramsbottom write the client's will and then clients make a donation to the charity in lieu of WRP costs for the service.

We have also been involved in similar projects and have raised £125 for the North West Air Ambulance and £500 for Imperial Cancer Research.
